

Australia's Power Brands Pty Ltd—Chicco KeyFit Plus Infant Car Seat fitted with Hemco Adjustable Tether Extension Straps

PRA number: 2014/14371

Date published: 14th October 2014

Product information

Product description

Hemco Adjustable Top Tether Extension Strap that connects the car seat tether to the in-car anchor point. Supplied with the Chicco KeyFit Plus Infant Car Seat; the Chicco KeyFit In-car Base; and as a stand-alone part.

Identifying features

Hemco Tether supplied with Chicco KeyFit Plus Infant Car Seat Graphica #37904.46.42
Tether Batch No. 0252

Hemco Tether supplied with Chicco KeyFit Plus Base #3790020.98
Tether Batch No. 0248

Hemco Tether supplied alone #1807004
Tether Batch No. 0248

What are the defects?

The metal connecting hooks at either end of the Hemco Adjustable Tether Strap may deform or break under load stress (as may be experienced in a collision). This is due to inadequate heat tempering/hardening of the metal parts.

What are the hazards?

If the metal connecting hooks fail in the event of a collision, the performance of the car restraint may be impacted, increasing the risk of injury to the child.

Dates available for sale

★ 25th July 2014 - 15th October 2014

Where the product was sold

★ Nationally
